For the month of January, we are highlighting our members!

Members of the Indianapolis Urban League Young Professionals are superheroes in the movement. Are you empowered to serve?

David has been entrusted with one of the most challenging and important tasks anyone can have right now. He is serving his community as a teacher and also serves as a mentor.

Baidun is a biologist by trade and geneticist by training. A leader in advocating for STEM within The Exchange, she also has served as a consistent cultural liaison/advocate for our African brothers and sisters in Indy.

# KEEP US INFORMED
